More than Peach Making History

The *Black History is World History Coloring & Activity Book* is a collaboration among Bellen Woodard and her big brothers, Qye & Qavi Woodard, to invite connections with changemakers and highlight contributions that help better our world. This educational coloring and activity book is intended to encourage additional research to learn more about those introduced here and so many others!

Bright-light Bellen Woodard started *More than Peach* in spring 2019 at 8-years-old to change the world - one crayon at a time! By pioneering a new & innovative school-supplies brand - and as the World's First Crayon Activist® - she has brought change of historical proportions to the crayon industry & arts, classrooms, and our everyday. The goal? To grow empathy, youth leadership, and creativity so no kid is 'disincluded.'

More than Peach crayons and brand have now been curated and held permanently in museums and, along with Bellen, continue making history through far-reaching connections, recognition, and awards. You can also find More than Peach at Target, Scholastic, DonorsChoose, your favorite museums, and schools and libraries! And with your continued love and support, More than Peach will be around for many generations to come to inspire, uplift, and advocate for safe, dignifying spaces for all to "really, actually" soar!
